

BE READY St. Clair County

With Your Eyes and Ears

St. Clair County has been identified as a high risk border county with numerous locations that are critical to energy, security, and commerce for both the United States and Canada. A few of our critical issues are:

- International Border
- Blue Water Bridge
- Power Plants/Water Plants
- Pipelines
- Rail Tunnel and Yard
- Expressways
- Ferries
- Illegal Aliens
- Canada's Chemical Valley

We all have a role in keeping St. Clair County safe. Always be observant of your surroundings everywhere you go. Report suspicious activities and situations immediately to law enforcement even if you are not sure of what is going on.

Surveillance: Someone video recording activities, taking notes, using cameras, maps, binoculars near key facilities/events.

Suspicious Questioning: Someone attempting to gain information regarding a key facility or the people who work there.

Suspicious Persons: Someone who doesn't "belong" in the workplace, neighborhood, or business near a key facility/event.

Acquiring Supplies: Someone attempting to acquire explosives, weapons, ammunition, chemicals, or false identification.

Deploying Assets: Someone bragging about violent attacks, stockpiled materials, abandoned vehicles, suspicious packages.
